Description

Featuring Musto’s new hardcore ‘BR2 Performance’ fabric which not only offers 30k/15k waterproof protection, it also features our brand new durable DWR, ‘LDWR’ – a long lasting DWR developed using PFC-free chemistry, with a much higher wet abrasion resistance so the fabric stays drier for longer. With design nods to the iconic HPX such as the new spume guard, and an innovated collar and hood construction, the BR2 Offshore Jacket 2.0 is more waterproof and breathable and provides exceptional offshore protection without adding weight and bulk or compromising on comfort.
