Description

External auxiliary battery made of bamboo from forests and with FSC® certification. With 10,000 mAh capacity and with integrated 5W wireless charger. Suitable for devices compatible with wireless charging and including a solar charging panel. With charging status indicator, 2 USB outputs, 1 Micro USB input, and a Type-C input. Micro USB charging cable included. With FSC® label on the item. The capacities shown in all our external auxiliary batteries are real, all of them incorporating non-recycled, grade A batteries, with a service life of at least 500 charging cycles, and complying with CE regulations. In addition, they are manufactured according RoHS standards, and in compliance with the following safety requirements: Power bank overcharge protection system. Complete discharge protection system, which increases the durability of the power bank. Blocking system to prevent short circuits. Constant charging transfer system, in accordance with the capacity of the target device.
