Description

External 5,000 mAh auxiliary battery, made of coffee fibre and recycled cotton. With 2 USB outputs, micro USB input and dual Type-C input and output connection. Type C charging cable included, and presented in an individual kraft design box. With coffee fibre and recycled cotton logo. The capacities shown on all our external auxiliary batteries are real, incorporating all of them grade A and non-recycled batteries, with a lifespan of at least 500 charge cycles and according to CE regulations. In addition, they are manufactured according to RoHS standards and in compliance with the following safety requirements: Power bank overcharge protection system. Full discharge protection system for increased durability of the power bank. Lock system to prevent short circuits. Constant charge transfer system, in line with the capacity of the target device.
