Description

Anemometer made of durable ABS. With large backlit LCD display showing wind speed, temperature and battery level. Incorporates measurement functions for current, maximum, and average air speed. A multitude of measurement units are available, including Beaufort intensity scale and air speed in different formats (m/s; km/h; ft/min; knots; mph). In addition, it displays ambient temperature in °C/°F, atmospheric temperature and thermal sensation. With automatic shut-off function after a few minutes of inactivity and storage memory that allows access to records saved in previous measurements, even if the device has been switched off previously. Powered by a button cell battery (included).
