Description

External auxiliary battery made of recycled aluminium, with a charging capacity of 2600 mAh. Easy to carry thanks to its small size, with ON/OFF button for charging control and Type C input/output connectors + USB output. Including LED charging light and Type-C cable.. The capacities shown in all our external auxiliary batteries are real, all of them incorporating non-recycled, grade A batteries, with a service life of at least 500 charging cycles, and complying with CE regulations. They are manufactured according RoHS standards, and in compliance with the following safety requirements: Power bank overcharge protection system. Complete discharge protection system, which increases the durability of the power bank. Blocking system to prevent short circuits. Constant charging transfer system, in accordance with the capacity of the target device.
