Description

ompact-sized external power bank, made of ABS with 2,000 mAh charging capacity. Includes Type-C input and output with charge status indicator lights. The capacities shown in all our external power banks are real, incorporating grade A non-recycled batteries with a lifespan of at least 500 charging cycles and in compliance with CE regulations. In addition, they are manufactured according to RoHS standards and in compliance with the following safety requirements: Overload protection system. Full discharge protection system providing greater durability of the power bank. Short-circuit protection system. Constant charge transfer system, adapted to the capacity of the target device.
