Description

Thermo mug with 490 ml capacity, made with an interior made of recycled stainless steel. Equipped with double-walled copper vacuum insulation. It has two hydration systems: opening and spout with reusable silicone inner straw. Airtight screw lock. The design is completed with a carrying handle attached with a metal carabiner, as well as a non-slip base for greater stability. It maintains the temperature of hot drinks for up to 12 hours and cold drinks for up to 48 hours. A premium product that combines design and careful presentation to convey an image and an unmistakable value.

Colours

■ BLACK
